Certificate no.:
AOSS0000FJ8
Revision no.:
3

This is to certify that

RockSalt Subsea Ltd

Insch, United Kingdom

is granted acceptance for
In-water survey by diver and remotely operated vehicle , in accordance with Class Programme DNV-CP-0628.

This service supplier certificate will be accepted for use with all rule sets published by DNV.
See the following page(s) for details regarding application.

This Certificate is valid from **2026-10-12** to (inclusive) **2029-10-11**.

This Certificate is issued on **2026-09-17**.

for **DNV**

This document has been digitally signed and will therefore not have handwritten signatures

Weglinski, Miguel

This Certificate may be withdrawn if:
1. The service provided has been improperly carried out or the results improperly reported.
2. The surveyor has found any deficiencies in the accepted operating systems of the service supplier.
3. The firm has failed to inform of any major changes having effect on the quality of the service rendered.
4. The conditions listed in the certificate are changed and/or are not fulfilled.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to USD 300 000.

Application:

Company Certified as Approved Service Supplier to carry out inspections as per DNV-CP-0628 In-Water Survey on Ships and Mobile Offshore Units by Remotely Operated Vehicles (ROV) and Divers.

Remarks:

The enclosed Certificate is based upon the following conditions:

1. The Requirements stated in Class Programme DNV-CP-0484 and DNV-CP-0628 continue to be met. The Approval is conditional upon the firm maintaining the audited scheme and notifying DNV of any significant changes in personnel, equipment or procedures.

2. Company Supervisors and Authorized Personnel to carry out In-Water Surveys on Classification projects pertinent to this Approval is controlled by the Certificate Holder Training and Qualification Procedure.

3. RockSalt may carry out periodical in-water bottom surveys using remotely operated vehicles (ROV) "Super Mohawk/Falcon" (Type ObsROV) with DNV Surveyors present.
4. The survey with ROV or Diver shall provide the same results as for any ordinary survey performed in dry-dock. The survey shall be conducted under DNV supervision and attending surveyor may request additional inspection depending on the outcome of the survey.

5. For bottom surveys afloat (ships), requirements in DNV Rules for Ships, Pt.7 Ch.1 Sec.5 1.5 shall be observed. For Bottom surveys afloat (offshore units), requirements in Rules for classification: Offshore units — DNV-RU-OU-0300, Sec. 6, Sec. 1.3. For more details on how to perform bottom survey afloat, see DNV-OTG-08 Guidance on Bottom Survey. Company is to request to set up a kick-off meeting with DNV Attending Offshore Surveyor 2-weeks before diving to address:
a. Diving plan review,
b. Records of divers and Supervisors in the project,
c. Diving and equipment limitations,
d. Flag Authority diving plan approval, when applicable.
